Accessibility Notice

This document is also available in HTML format at:

Link: <https://aholdengouveia.name/AdvData/labs/week2.html>

The HTML version provides enhanced accessibility features including keyboard navigation, screen reader support, responsive design, dark mode support, and high contrast options.

Objectives:

- Demonstrate the use of some basic SQL queries
- Explain how SQL queries work, and practice using them

Complete the following problems

References, a video, a PowerPoint and some notes are available at my website

Link: <https://www.aholdengouveia.name/AdvData/sqlpt1.html>

The tutorial site we'll be using is Link: <https://sqlbolt.com/> We'll be going through several sections of this tutorial, go through the first 4 sections and the review

What to Include

- Screenshots of each section after you complete the challenges at the end. Make sure you have the green checkmark on each problem.
- Which, if any, questions did you find challenging? Why?
- How many of the questions did you need a hint on? Why?
- What is your review of this tutorial? What would you change or fix?

Deliverables

A document with the answers to each question and all 5 screenshots. Make sure each screenshot has your name and term on it.
